

2010

国际医疗产业及药物论坛 International Medical and Pharmaceutical Forum

Venue : Dong Fang Hotel, Guangzhou, China.

May 25, 26, 27 & 28.

INVITATION

Under the **China healthcare reform policy**, foreign investors, operators and service providers in the various sectors of healthcare and medicine industries are being invited to participate in the fast growing market of China.

It is also under the PRD Outlines, **Beijing delegated the authorities to Guangdong** to implement and to assist with the healthcare reform mandates which is the making of East meeting West using Hong Kong as an international hub.

With the support of **Guangdong authorities and relevant trade associations**, the Forum provides an international business platform and trade fair for the healthcare and medicine industries between China and the rest of the world.

Overwhelmingly, **the leaders in the healthcare and medicine industries in China** have made registration to attend the Forum and to meet representatives from Hong Kong and overseas...

The attendants include heads of top hospital operators from **Beijing, Shanghai and Guangdong**. They like to meet healthcare service providers.

Delegates from the pharmaceutical manufacturing province of northern China want very much to meet banking and listing professionals in the Forum **to assist them to list their companies in Hong Kong**.

As healthcare and medicine investments are on the top priority list of **China Development and Reform Commission**, the Forum will be able to assist investors and operators to identify their opportunities and to advise on their project application.

The Forum is the first of its kind in China allowing **business matching opportunities** and a trading platform for the global healthcare industries of all kinds, such as pharmaceuticals, medical equipment suppliers; investors; hospitals, specialist centers; healthcare service, medical assistance, air ambulance providers; and insurance companies.

The 4-day Forum will include the delivery of the most updated **China SFDA and healthcare policy, plenary sessions and business networking opportunities** with potential partners between the East and the West.

Participants may apply to speak, **to sponsor, to set booths and to promote their products and services**. They can meet with relevant government officials, potential clients and captive market holders. The Forum also provides business matching services.
